DOCTORAL PROJECT

Denver, CO Aug. 2009-Aug. 2011

University of Denver (GSPP)

- Critically examined recent research in masculine gender role stress and male socialization processes in order to conceptualize traditional gender role men through self-psychology and how this particular psychodynamic theory can inform the psychological development of masculine structures and inform treatment considerations for this subgroup of men in couples therapy.
- Integrated current research to apply to one couples therapy case seen at the U. of Denver's professional psychology center

RESEARCH ASSISTANT

Ithaca, NY Oct. 2003-May 2004

Cornell University

- Acted as a research confederate and helped analyze research for social psychology Ph.D. student (now Dr. Jane Risen of University of Chicago) studying target vs. observer reactions to coerced vs. spontaneous apologies

- Published as “Target and Observer Differences in the Acceptance of Questionable Apologies” in the *Journal of Interpersonal Relations and Group Processes* (August 2006) and also noted in fall 2006 edition of *Psychology Today*

RESEARCH ASSISTANT

Boston, MA

July-Aug. 2003

University of Massachusetts at Boston

- Transcribed interviews for Ph.D. clinical psychology candidate researching “Asian American students’ feelings of inclusion and exclusion”
- Helped find relevant research and readings on Asian American acculturation, identity development, and coping mechanisms around exclusion and racism
